

IEEE

Barcelona Student Branch

Speakers:

Carlos Ciller Ruiz

David Carmona Torondel

**Escola Tècnica Superior d'Enginyeria
de Telecomunicació de Barcelona**

UNIVERSITAT POLITÈCNICA DE CATALUNYA

Branch Activities

- **Buran (Magazine)**
 - Coming soon on your Desktop
- **Conferences & Visits**
 - Benefits of challenging new students
- **Courses (Planning)**
 - Branch fundraising by organizing courses based on software used by UPC students
- **Student Branch – Robotic Lab (Planning)**

Buran (The Magazine)

- Scientific magazine with its own ISBN
- Published by the IEEE BCN SB with the collaboration of both pupils and teachers for the common wise
- Available in libraries and Schools
- Soon available in Internet

Visits & Conferences Organized by the Branch

- **Get In Touch – Real Life:** Not yet implemented, our will is to organize visits to Barcelona companies where new (and not so new) students could get involved with in the future.
- **Historical Visits:** Go back to the past. There's no future without a past.
- **Poster Tournament:** Evaluated by a group of well known teachers of the UPC.
- **Final Degree Projects** evaluated by the youth (1st level students evaluate candidate aptitudes).

New members

- **How to get new members:**
 - Events organized by university in collaboration with IEEE Student Branch
 - Merchandising
 - Marketing
 - What can the IEEE do for you?
 - Learning to have fun
 - Activities

Celebrating 125 Years
of Engineering the Future

Future – Where are we going?

- **What are our objectives,
What is our next step.**
- **Get involved with students progress.**
- **Not so serious, engineering is funny.**

Goodbye!

Thanks

Time to ask...
